Our painted clay pots are the perfect activity for children's birthday parties, kindergarten or any day that calls for a bit of color and creativity. Be inspired by these step-by-step instructions and create unique masterpieces with your children!

Step 1: Preparation

Before you open the paint pots, shake them well. Make sure that your clothes can get paint stains. Place newspaper on the table to protect it from paint splashes.

Step 2: Painting the pots

Each child chooses their favorite color. Apply the paint generously and make sure you always brush in the same direction so that the surface is nice and even.

Step 3: Drying

Now you have to wait about 15-30 minutes for the paint to dry. Use this time to perhaps eat cake together and enjoy the moment!

Step 4: Fill with soil and plants

Once the pots are dry, add some soil.

Then place the small plant in the pot.

Step 5: Add soil

Fill the pot with soil and press it down lightly.

Step 6: Watering

Don't forget to water the plant well. This will allow it to develop well and stay beautiful for a long time.
