Working time: 1 hour

Dot Painting is het nieuwe schildersplezier voor jong en oud. Dit idee laat zien hoe makkelijk het is.

Point by point to the color image

The colorful notebook is first designed with a color gradient using handicraft paint . This is done quickly and easily by dabbing on the paint with a painting sponge in a blending motion.

Round wooden sticks are used for the actual dot painting: simply dip the round tip in paint and then apply dots - here in wavy lines. The different wood stick thicknesses result in different dot thicknesses.

Even finer dots are dabbed with the tip of bamboo sticks.

Look forward to great painting fun and fantastic color creations!
