Acrylic Heavenly Christmas Angels

Instructions No. 923

Make your own Christmas tree decorations very easily. These heavenly angels from Acrylic also look wonderful as a festive window decoration in the Advent season. Do you have stairs? You can use them to show the way to the top in a wonderful way. Decorate your house and hang the angels in the right places.

And it is as simple as that

Melt a hole in the ball opposite the suspension with hot glue. Glue the ball with beige Straw silk paper and the drops with white Straw silk paper. Let everything dry well. Then cut the hole in the ball with the scalpel. Apply the glitter paste to the drops. While the glitter paste dries, transfer the wing motif from the template to Foam sheets and cut it out. Border the wings with glitter liner, stick it to the drop and the drop into the ball opening. Apply another wreath with the glitter liner to the angel's head and thread the chiffon ribbon through the eyelet as a suspension.
