Wooden stick animals

Instructions No. 2380

Difficulty: Beginner

Working time: 3 Hours

These cute little animals bring colour to your windows. They are made of classic craft materials such as wooden sticks, paper, wiggly eyes and chenille wire.
Making the wooden stick animals is great fun for young & old. Perfect for a creative afternoon together.

How to make the animals:

1. Paint 3 wooden sticks per animal with craft paint and allow to dry.

2. Glue the coloured sticks together to form triangles and cover with coloured transparent paper. The best glue for this is craft glue.

3. Print out the free template and transfer all the motifs onto the paper. For the chick's wings, simply draw around your child's hands. Cut out all the motifs.

4. Form small details such as antennae, legs, spiral in the snail shell and hair from chenille wire.

5. Finally, glue the paper parts, wiggle eyes and chenille wire to the wooden triangles with craft glue.
