Instructions No. 1116

The country house style for spring or summer always promises a **wonderful decoration for inside and outside**. In this guide we show you ideas how to make a great individual design out of zinc bowls and decorative panels with a little paint and different ribbons.

And it's that easy:

How do I decorate the Zinc Heart Board in country house style?

Take a brush and dab the edge of the heart board with white Acrylic paint. Emphasize the recesses in the edge with a little red paint. Then tie a bow with the "Made with love"-Ribbon and stick it with some tape-Ribbon in the middle of the board.

How do I decorate the planter bucket?

Paint the bottom half of the bucket with white Acrylic paint and let it dry. Then use double-sided tape-Ribbon to stick the heart bands in longitudinal strips around the bucket

Then stick the red Lace ribbon horizontally above and below the white painted area. The recess openings will be accentuated with red paint.

Then thread only and the Ribbon with the red lines into the openings all around and tie the ends into a bow. Finally, tie the red stray hearts to it.

How do I decorate the planting bowl?

Take the Ribbon with the chicken motifs and stick it around the basket with double-sided adhesive tape-Ribbon .

Then stick the red Ribbon to the upper edge and close it again with a nice bow. Border the small heart plate with white paint and accentuate it with red dots.

This idea is timelessly beautiful!
