

Candles with messages in a candle basket

Instructions No. 3250

Difficulty: Beginner

Working time: 2 Hours

Candles are more than just a source of light; they are an expression of your creativity and your personal touch. With our detailed instructions, you can create a personalised **candle basket from craft sticks** and decorate your candles with unique Easter **stamp motifs**. This DIY idea is not only an eye-catcher in your home, but also makes a perfect personalised gift.

Grab your craft paints and paint the small terracotta pots and two craft blocks to your taste. Allow the colours to dry well. Decorate the dried blocks with your stamps of choice.

Step 6: Design the sturdy candle basket

Press a soft wax disc into each painted pot. This ensures that the candles are stable. Make a frame out of four wooden blocks by sticking them together with handicraft glue. Once the glue has dried, set up the frame and stick a block in front and behind it to securely place the terracotta pots inside. For additional stability, we recommend gluing a back wall. To do this, use an upright block as a placeholder to ensure equal spacing.

Tip: Leave a little space at the top of the frame so that you can transport your candle basket more easily later.

Step 7: Final decoration

Once all the components have dried thoroughly, place the decorated candles in the prepared pots in the frame. And voilà - your unique candle basket is ready!

You have now created a beautiful decorative piece for your home or a unique gift for friends and family.
