

Card design for school enrolment

Instructions No. 3298

Difficulty: Beginner 🖋️✂️📐📏

Working time: 2 Hours

The start of school is a very special occasion for children, family and friends alike. Do you need an idea for unique self-designed cards for this occasion? Our idea is suitable for invitations to the party, as a greetings card and also as name cards for the teachers. Let us inspire you and design your own personalised school enrolment cards.

1. Create the basis: Preparing the card

First choose a paper colour to form the base of your card. Cut the paper slightly smaller than the card itself and stick it to the card using 3D glue pads. This makes the card look particularly three-dimensional.

2. Create pens from paper

Using the VBS contour cutter, you can easily and accurately cut 2 cm wide strips from coloured paper and brown kraft paper.

The coloured strips will form the pencils you have made: Lay them next to each other at different lengths so that the edges form a line at one end of the strip. Attach the kraft paper strip 1 cm below this (imaginary) line across it. This forms the "wooden casing" of the individual pins.

Cut the individual strips apart again and cut a lace at the end of each strip covered with kraft paper. Round off the opposite corners and you have a pencil shape. Stick the pencils you have made onto the card.

3. Stamp messages and set the scene

Choose a silicone stamp of your choice and place it on a clear stamp holder. Press the stamp firmly into the stamping ink and then stamp a strip of kraft paper with firm pressure.

Extra tip: After stamping, you should clean the stamp with a special stamp cleaner so that it is ready for your next craft project.

Cut the stamped paper strips into an interesting shape and attach them to your card using 3D glue pads.

4. Envelope design

Decorate the envelope of your DIY card using the same techniques. Decorate it with paper pens and stamps that you have made yourself. This will make the card and envelope look harmonious together.

Conclusion: Get creative and order your materials today!

You can find all the materials you need here or in our online shop, so go ahead - order now, enjoy the crafting time and the pleasure of your finished cards later!

Must Have

VBS Silicone stamp "Start of school"
