Christmas elf couple with candle arrangement

Instructions No. 3180

Difficulty: Beginner

Working time: 2 Hours

Give your home a Christmassy glow - with DIY-Christmas elves and a candle arrangement made from zinc plant pots. The enchanting Christmas elves and the atmospheric candle arrangement are matched in colour and are arranged together as festive Christmas decorations.
Find out here how you can easily make the arrangement and the two elves.

Making elves

To make the hats, lay the craft felt with the long side facing down. Fold it up and glue the narrow sides together with hot glue. Tie one end together with satin ribbon . Fold the other end over once and place on the bottom of the zinc bucket.

For the "moose gnome", cut the chenille wire to size, bend into antlers and glue the ends into the "hat brim" of a

hat.
Print out the template for the beard, cut it out, transfer it to the back of the plush and cut it out. Glue the beard and the pompoms to the buckets using hot glue.

For the legs, cut four long pieces from the knitted tube (leg length according to personal taste). Glue a wooden foot to one end of each knitted tube leg and attach the other end to the inside of the bucket.

Arrangement
Cut the flower arrangement foam to size with the cutter knife and fill a zinc bucket with it. Cover with Iceland moss. Double the chain of light wire and tie it around the vine wreath. Place the wreath on the bucket and fix it with some hot glue if necessary. Glue the battery compartment of the chain of light to the back of the bucket. Place the candle first on the kandelaar, and then in the middle of the Iceland moss. Decorate with cinnamon sticks, orange slices and the sprinkles.

Must Have

Zinc plant pot, set of 3

Content: 3 pieces
Diameter (outside): 10 cm
Height: 12 cm
Material: Zinc
