Christmas tags made from paper strips

Instructions No. 2620

Difficulty: Beginner

Working time: 2 Hours

These tags are made from **paper strips** and are quick and easy to make. You need very little material and can make impressive Christmas tags out of them. Also nice to use as gift tags.

This is how you make the different pendants:

Ball:

For one ball, cut a strip 20 cm, 15 cm and 10 cm long. Close the strips to form a circle and glue them together. Our VBS craft glue is best suited for this.

Ornament:

For an ornament, cut one strip in 10 cm and two in 12 and 15 cm. Arrange the strips according to size and glue them together at the top and bottom.

With the embroidery needle you can easily attach yarn for hanging.
