

Design funny snowman pendants

Instructions No. 3528

Difficulty: Beginner 🍷🍷🍷🍷

Working time: 30 Minutes

Making your own creative Christmas decorations is not only a great way to pass the time during the Advent season, but also a wonderful way to add a personal touch to your home. With these instructions, you will learn how to create **fun snowman pendants** from simple materials. These **individual pendants** are perfect as **decorations for the Christmas tree** or as **lovely gift tags**. Let your creativity run wild and discover how easy it is to create enchanting decorations from ordinary christmas balls with a little color and imagination.

Step-by-step instructions:

1. **christmas balls first** , cut the ribbon from the Christmas balls VBS Christmas baubles.
2. **Painting the baubles** Paint the baubles evenly with white handicraft paint. White is the classic color for snowmen. Take your time so that the color is even and without streaks. Allow the paint to dry well before continuing.

3. **Attach the bobble hat** Take the bobble hat and pull it over the ball's hanger. Use a little hot glue to fix the hat securely to the ball.
4. **Design the faces** Now it's time to get creative: design the faces of your snowman pendants. You can stick on wobbly eyes or paint on closed eyes with a thin brush. A winking eye gives your snowman a mischievous expression.
5. **Attach the nose** You can use a small polystyrene tube for the nose. Cut it in half or shorten it as required and then carefully stick it in place with hot glue.
6. **Draw on the mouth** Use a marker to draw on the mouth. The fine tip of the marker allows you to create precise lines and shapes.
7. **Redden the cheeks** Use a stippling brush and some handicraft paint in the color antique rose to give your snowman soft pink cheeks. Dab the paint on gently until you are happy with the result.
8. **Glue on bows** You can now attach small mini bows using hot glue. Place them either as a pretty detail on the hat or directly under the snowman's face.
9. **Attach the perlon thread as a suspension** Cut a sufficient length of the perlon thread. Thread it through a needle and carefully pull the thread through the ball's hat. Knot the ends of the thread to create a sturdy hanger.

With just a few materials and a little time, you can create impressive snowman pendants that will add a cheerful and personal flair to any room. Now it's time to get creative and show off your homemade decorations. Visit our online store to find all the craft materials you need and get started on your next Christmas craft project straight away! Have fun creating and Merry Christmas!
