Are you looking for a special gift that comes from the heart or would you like to paint beautiful dishes for yourself? **Designing porcelain** is a creative way to make your loved ones happy. Whether for **Valentine's Day or Mother's Day** - hand-painted cups and plates are personal, individual and express how important the person receiving the gift is to you. In this step-by-step guide, I'll show you how to create beautiful unique pieces using simple means.

Design your own personal porcelain - a unique gift for Valentine's Day and Mother's Day

Preparing the porcelain surfaces

Before you start designing, thorough cleaning is essential. Make sure that your cups and plates are free of dust and grease. This will ensure that the porcelain crayons adhere optimally and that your design lasts as long as possible.

It is best to use warm water and mild washing-up liquid and dry the pieces carefully.

Creative design with porcelain crayons

Now it's time for the artistic work! Draw little hearts on the cups and along the edge of the plate with the porcelain crayons. You can of course choose other motifs, but hearts are particularly suitable for special occasions such as Valentine's Day or Mother's Day. Let your creativity run wild and emphasize the individual character of your work of art.

Drying and baking

After you have applied your design, leave the paint to air dry for at least 15 minutes. This will prevent the colors from running during baking. Preheat your oven to 160 °C and bake the porcelain for 25 minutes. This process fixes the color permanently. Leave the porcelain to cool in the oven afterwards to avoid stress cracks.

Match the color of the napkin rings

To create a harmonious ensemble, paint the napkin rings with the VBS handicraft paint color. Allow the paint to dry completely. If you want to repeat the romantic touch, you can also paint small hearts on the napkin rings to complete the overall look.

Conclusion: your personal work of art

With these steps, you have created a very special gift that is both practical and stylish. Your hand-painted cups, plates and napkin rings are not only unique, but also a loving gesture that will be remembered for a long time to come.
