Dipped candles

Instructions No. 2949

Difficulty: Beginner

Working time: 2 Hours

Still looking for a nice gift? Our **candles** look beautiful and are quick to make. With the **self-designed gift wrappings**, the candles look great and will delight every recipient. Try it out now!

This is how the candles are made:

The stick candles:

First, we tape the **candles** with masking tape. The lower part is dipped in wax. Tie a ribbon to the top of the candle to hang it up.

Melt the**organic wax** in the melting pot. Then we need 4 **candle drops** (2 sets). The candles are created in 4 color gradations. For the first pillar candle, add 1 candle drop to the wax. The completely melted wax is poured into the mixing cup . Now dip the lower part of the first pillar candle into it. If the wax does not fill the cup completely, you can tilt the mixing cup slightly and turn the candle in the wax. Hang the candle up to dry. Pour the wax back into the melting pot and melt drop no. 2. Repeat this process for the other candles.

You can of course also dip the candles in the same color. To do this, melt as many candle drops with the organic wax as you like and how intense you want the color to be and then dip the candles in.

Stamp the transfer paper with the star stamp and cut to size. Dip in water and transfer the foil to the candle.

The gift wrapping:

One sheet **kraft paper** cut through the middle. Round off the corners with the card punch (included in the folding board set). Measure 7 cm along the sides and cut 0.5 cm notches into them. Mark the edges of the cardboard and the tags with the **Gelly Roll pens**. Place the finished stick candles on the cut cardboard and tie with the cord . Tie on the tag and clip.
