DIY Heart Plug from Beads

Instructions No. 2825

Difficulty: Beginner

Working time: 30 Minutes

With this simple craft idea, even the youngest children can make a beautiful Mother's Day gift with little help.

As a first step, cut wire (between 30 and 40 cm long, depending on the size of the heart you want) and then bend about 3 cm from the end into a U once, so that the beads cannot slip down.

Now you or your child can thread on colourful beads to your heart's content until you have about 3 cm of wire left again.

Now twist the wire ends and bend the part with the beads into a heart shape.

The wire ends are now wrapped around a bamboo skewer and then decorated with satin ribbon and a bow.
