Door wreath for Easter time

Instructions No. 2183

Difficulty: Beginner

Working time: 1 hour

This Easter door wreath is a great welcome to your front door. Let yourself be inspired by this idea - we hope you have fun making it!

You need for the door wreath besides the moss wreath and the decorative bunny "Flapsi" only a few other accessories: willow catkins & peach blossoms, pieces of bark, scatter pieces and some decorative wicker.

First, place the stand-up bunny on rocker "Flapsi" in the wreath. Fix it with hot glue. Then decorate the wreath with decorative willow and willow wreath. Glue everything on, and since it is an outdoor decoration, fix it additionally with Romanhaften.

We recommend that you now hang the door wreath on a fixture to check that everything is arranged decoratively in exactly the right place.

Now decorate according to your personal taste the bark pieces, scatter pieces and peach blossoms. With the hot glue gun everything is quickly glued on, excess glue threads can be easily removed.

Finally, tie decorative ribbon of sufficient length to the wreath and arrange it on your door.
