

Frühlingshafter Riesen-Vogel

Instructions No. 1297

In this handicraft instruction we show you how to create a beautiful **spring-like Standing figure** with a few simple steps. All you need is Handicraft paint, a few colorful Feathers, a colorful Napkin and to apply the paint you need a brush, sponge and some Napkin varnish.

Designing the Pioupiou bird is really easy and fun for the whole family.

And it's that easy

1. Prime the bird with a bright Handicraft paint, e.g.

Yellow and let it dry for about 15 minutes

For our bird we have chosen a sunny Yellow, which we have applied over the entire surface with a sponge. The colour can be spread very well with the sponge and leaves no colour noses or uncleanness during application. You can paint the whole bird and the stand yellow

2. Let the **paint dry well**.

3. Now glue the **Feathers** on the bird's head.

4. The **belly of the bird and the tail of the feathers** were painted with colourful handicraft colours. The combination of cheerful colours gives you a particularly friendly and spring-like bird. The belly of the bird was dabbed with small spots of paint with a brush. The tail of the feathers was alternately painted with thicker stripes, thinner stripes and some spots of paint. The wings of the bird were designed similar to the bird's belly.

5. **Beak and legs** of the bird become Orange painted. For the eyes, paint slightly rounded triangles with white paint and let them dry. Afterwards you can bring the eyes to life with a fine brush and some black paint by giving them the final touch and adding pupils and an eyelid.

6. Last but not least you can attach some lawn tapeto the stand
