Geschirr marmorieren + Kekstüten verzieren

Instructions No. 2008

We all know marbling from the Easter season. But not only eggs can be decorated with great colours. In this tutorial you will learn how to turn simple kitchen utensils into true designer pieces. We also show you how to make beautiful gift bags from paper bags. These are decorated with self-made fimo pendants and are an eye-catcher with lace and stars. Every presentee is happy!

Porcelain and Bamboo marble

First make sure that all surfaces are clean and free of grease. Dribble a few drops of the product into Colour for marbling a large bucket filled with lukewarm water. You will see immediately that a film is formed on the surface of the water. With a bamboo skewer you can draw beautiful patterns in the paint. Now slowly dip one of the kitchen utensils into the paint. For a clean edge of the paint you can mask Adhesive tape the object in advance. After each dipping process you have to remove the rest with Colour for marbling a piece from the Paper water.
When the paint is completely dry, you can apply Maya Stardust in Gold decorate. The tray, the Etagere and the gold decorated edges should be sealed with a food-safe lacquer. Decorate the kitchen utensils with matching sayings as desired.

Decorate biscuit bags

Roll FIMO which cut out motifs with cookie cutters. These are fired in an oven at 110°C for max. 30 minutes. Let cool down

In the meantime, they can be Lace doily labeled and stuck onto the paper bags. Punch a hole in the top of the bags with a hole puncher and close them with the sealing strip. If desired, the bags can be decorated with star-shaped pieces.

The cooled FIMO Figures can now be painted with craft colours and Stardust. Finally glue Wobbly eyes them and tie them to the bags with a perlon thread.
