Difficulty: Beginner 

Autumn is the ideal time to add a little magic to your living space with an imaginative elf door. Halloween is a particularly good time to decorate your home with spooky-sweet decorations. With these instructions, you'll be able to create an enchanting yet spooky scene with ease!

A spooky and beautiful elf door decoration is very easy to craft yourself. Start by arranging the individual parts of the elf door set on the wall shelf according to your personal taste. As soon as you are sure where you want to place which decorative element, stick it to the shelf with VBS handicraft glue.

As a special touch, you can hang the small miniature lantern and the miniature wreaths using a small pin. Make sure that the needles are firmly attached to the wood of the wall shelf.

Spiders, pumpkins - continue decorating your Halloween decorations with small miniatures and stickers. Black felt wool is perfect for creating spooky, beautiful cobwebs and giving your elf door a wonderfully spooky atmosphere.

Colour the pumpkins with faces and arrange your new Halloween decoration as an eye-catcher in your home.

Give your home a distinctive touch with self-made eye-catchers. You can find all the materials you need for your creative project in our online shop! Have fun crafting and decorating!
