# Handle basket made from craft blocks

**Instructions No. 3558**

Difficulty: Beginner

Working time: 1 hour

Welcome to your new craft challenge! With our instructions you can make a **charming handle basket from craft blocks**. This is not only a fun DIY-Project, but also a wonderful way to present your craft paints or other items in style. Let's get started right away!

## Crafting instructions: Handle basket made from craft blocks

**Step 1: Prepare the base** Glue three craft blocks together twice on each of the long, narrow sides to form the base of your basket. Allow the glued joints to dry completely to ensure stability.

**Step 2: Add the base** Glue one block upright to one end of the base. This will be the future base of your basket.

**Step 3: Attach the side walls** Glue one block upright on each side of the base to form the side walls.

**Step 4: Attach the carrying handle** To create a practical carrying handle, glue another connecting block to the free end of the two upright blocks.

**Step 5: Attach the top edge** Take the second 3 blocks and glue them to the top of the upright blocks. This forms the top edge of the basket and provides additional stability.

**Step 6: Sorting the colors** You can now put your VBS Craft paint set into the finished basket and use it as a practical storage place.

**Step 7: Personalize and decorate** Personalize your basket by painting it with the colors from your set. Not only will you have an individual design, but you will also be able to see the colors at a glance.

Ready to make your own handle basket? You can find all the materials you need in our online store. Start your creative project now and share your work of art with us!

## Must Have

### VBS Handicraft blocks, Oak wood

Content: 117 pieces
