

Instructions: Edge stools and little animals from terracotta pots

Instructions No. 1225

Create **cheeky edge stools** and **colourful little animals** from terracotta pots in no time at all.

And it's that easy:

Paint the **clay pots** with your favourite pattern and Wooden balls with cute faces.

Then take Craft cardboard sheet in matching colours and transfer the sash templates . After you have cut them out and decorated them according to your ideas, glue them to the clay pots with the hot glue gun

Attach the heads and swinging legs of the edge stools in the same way.

The cute Terracotta pot-figures make themselves very decorative in the entrance area, on the windowsill or as creative pendants in the window.
