Instructions: Goodies for children

Instructions No. 1319

Are you still looking for the right **goodies for your child's birthday or the start of school?** These homemade Gift wrappings, filled with little things always go down well!

The motif template provides the shape of a small **rabbit label**. This can be transferred to Kraft paper and cut out. Simply drill or punch a hole in the rabbit, write on it and attach it to the jute bag with Gift ribbon - and your personal name label is **ready!**

And this is how it is done
First download the motif template and get your craft materials ready.

For the jute bag **rabbit** you need, in addition to the bag Kraft paper also Wobbly eyes, a Cotton cord, Jute, some fabric and heart buttons. Glue, double-sided Adhesive tape, a red and in black Permanent-Marker should also be ready.

The **rabbit pack made of** kraft cardboard is produced with the help of a **boxing template** . First transfer the contours of Stencil onto your craft paper. Cut out the transferred shape along the outer contours. With a folding leg all further contours are now folded. Next, fold the package or box and glue it together at the protruding flaps. Please note that one flap serves as a closure for the filling

The **ears** are made in the same way as the rabbit jute

Cut out the **ears** using the template from Kraft paper . The cut out ears are covered with jute fabric using Handicraft glue and then with self-adhesive fabric. Next, fix the rabbit ears to the inside edge of the jute bag using double-sided Adhesive tape . For the **face** paint a heart button red and stick it together with the Wobbly eyes on the bag. The mouth can then be quickly painted on with a black pen

bag

Now**decorate** the package with Wobbly eyes and button accessories of your own taste. Cut out the carrot and the grass from Craft cardboard sheet . The shape of the carrot can be found on the design template.

One hole is punched through the **closing flap** , two more holes are punched at the appropriate place under the flap. Here a Gift ribbon is pulled through and tied to a loop. This keeps the package securely closed.
