Ladder decorated with flower vases

Instructions No. 3587

Difficulty: Beginner

Working time: 1 hour

Love DIY-Enthusiasts, ready to add a touch of country charm to your home? With our simple do-it-yourself project, you can make your rooms shine in a whole new light. Today we'll show you how to create your own **decorative ladder with charming mini vases and artificial flowers**. These instructions are perfect for creative craft fans and those who want to become one. Let's get started and give your home more personality!

Decorative ladder with mini vases

Step 1: Preparing the jute cord

Start your project by cutting about one meter of cord from the jute cord. Jute cord is a sturdy, natural-colored material that is ideal for decorative projects as it is both strong and aesthetically pleasing. Cut the cord carefully and make sure there are no fringes.

Step 2: Wrap the mini vase

Now take your prepared jute cord and wrap it three to four times around the neck of the mini vase. Make sure that the wraps are even and tight so that they don't slip. The jute cord gives the vase an extra decorative touch and ensures that it stays securely in place.

Step 3: Attach the leaf garland around the ladder

Now it's time to go green: Wrap the leaf garland around the ladder. A garland is a decorative chain or wreath, often made of leaves or flowers, used for embellishment. Start at the top of the ladder and work your way down. Make sure that the garland is evenly distributed and tight enough not to slip off.

Step 4: Secure the mini vases to the ladder

To secure your mini vases to the ladder, pull the two ends of the jute cord through neighboring wraps and tie them tightly to the ladder. This will hold the vases securely in place and create a stylish display at the same time.

Step 5: Arrange the artificial flowers

Last but not least, it's time for the flowers! Cut the artificial flowers to the desired length using a side cutter and arrange them in the mini vases. A side cutter is a tool specially designed to cut wires and other solid materials precisely. Add different types and colors of flowers to create a vibrant and varied bouquet.

Congratulations! With these simple steps, you have created a beautiful decorative ladder with mini vases and artificial flowers that is sure to turn heads. Let your creativity run wild and experiment with different colors and materials. Would you like to try this project yourself?
