

Lichterbogen mit Serviettentechnik

Instructions No. 1858

🔪🔪🔪 Difficulty: Beginner

🕒 Working time: 45 Minutes

This Light arch shines in the winter and Christmas season. He was **Napkin technique** and then decorated with small decorative elements and a chain of lights. A great decoration object that can be placed on a windowsill or a chest of drawers.

First prime the **Light arch** with **white**. **Paint sponges** are excellent for applying the paint, as the paint can be spread over a large area without brush strips. Let the paint dry completely before proceeding to the next step.

Cut the **Napkin** so that it covers the entire surface of the light arch and carefully remove the unprinted layers of the wetting Napkin. agent Napkin Napkin If you are not completely satisfied with the positioning, you can Napkin simply remove and reposition them. Use a soft brush to apply **Napkin glue** on. This should always be painted from the inside out so that the thin napkin layer does not tear. Let the glue dry

Use a pointed object to remove the Napkin holes that are **intended** for the fairy lights. There you can fix the lights and if necessary **fix them additionally** with some hot glue

Finally, glue the **houses and firs** to the stand and decorate them with decorative snow and snow. **Diamond** Of course, other miniatures can also be decorated as desired on the stand area.
