

Little ghosts made of fabric

Instructions No. 2922

Difficulty: Beginner 🍴🍴🍴🍴

Working time: 45 Minutes

Boooh! You can easily make these beautiful **ghosts** yourself. Illuminated with an LED tea light, they shine and haunt. A great decoration for **Halloween!**

Gebastelt werden die Gespenster so:

Cut out circles from the **cotton fabric** (ours have a diameter of 21 cm). Put them on an object to find the right place for the eyes. Delicately paint them on and cut them into the fabric.

Place a **handicraft mat** on the table to protect it from contamination. Now pour the setting **agent** into the mixing cup and dip the fabric cuts into it. Take them out and place them again on the object on which they are to be shaped and dried. You should also move the ghosts in between so that they do not stick to the surface.

After about 12 hours the ghosts are dry. You can light them up with **LED tea lights**, for example.
