Make your own cocktail umbrellas

Instructions No. 3054

Difficulty: Beginner

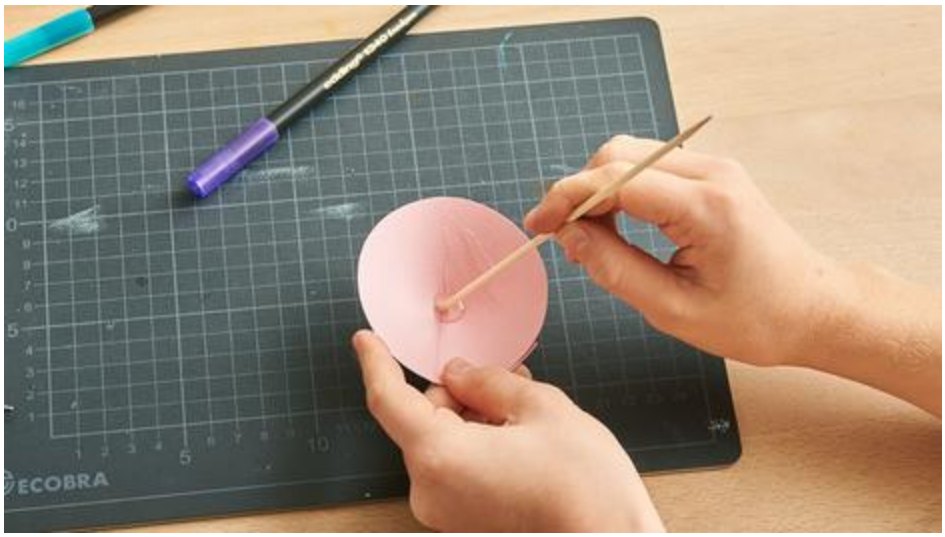

We loved the little umbrellas in our sundae as children. We often kept them carefully and took them home as souvenirs. The little colourful paper umbrellas also look wonderful in summer cocktails and lemonades and put everyone in a good mood. Homemade cocktail umbrellas in delicate pastel colours look particularly effective and summery.

For the umbrellas, draw circles of approx. 8 cm in diameter on the Paper using a compass and cut them out. Now you can embellish your umbrella with a funny saying or drawing using the Edding brush pens . Make sure that you leave a small part of the circle free, you can draw two auxiliary lines with a pencil. Once your umbrella is decorated, cut the circles in half and then glue the ends on top of each other to create a little hat.
Once the glue has dried, turn the umbrella upside down, put a drop of glue in the middle and carefully press the wooden skewer into it. Now you just have to only wait until everything is dry and you can enjoy your summer drink!
