Maritime stretcher frame with holiday photos

Instructions No. 1973

Difficulty: Advanced

Working time: 6 Hours

On vacation, you often accumulate many great photos and memorabilia. To prevent them from ending up unused in the drawer or getting "dusty" on your computer, you can create a nice one with your favourite Stretched Canvas photos and matching accessories.

Step by step to a memento

1. Primer the **Stretched Canvas** with the help of a **painting sponge** with VBS **Handicraft paint in Navy blue**. If necessary, apply a second coat of paint after the first drying time

2. Watercolour the **Little Paper Frames** with the **Solo Goya Aqua Paint Markers** and the **Water Tank Brush**. After drying, fold them up, put **double-sided Adhesive tape**and stick in the desired photos. With double sided Adhesive tape , the little frames are glued to the ground

3. Fasten the **fishing net** with some **Handicraft glue** on Stretched Canvas.

4. Cut your desired motifs from the **Motif straw silk** off. These are placed on a **white primed Handicraft paint**stamping foil **with Napkin varnish** glued on. After drying, the motifs are cut out with a pair of **tweezers**, embossed and **Handicraft glue** glued to the desired location

5. Select suitable **silicone stamps**. These are pressed onto an acrylic block, provided with stamping ink and applied to the **Watercolour paper** stamped. After drying, you can paint the motifs with the Solo **Goya Paint Aqua**

markers and then cut them out. These are also stamped with **double-sided Adhesive tape**or **Handicraft glue** glued on.

6. Cut a generous piece of the sisal cord**, take** it twice and make a " figure of eight knot". Decorate the collage with the **knot,** shells **andDriftwood**. Of course, you can also add other memorabilia like tickets, map sections and much more.
