Leave to dry thoroughly and then glue a piece of craft wood across both of them. Now you can thread as many beads as you like onto a rubber cord and knot them on.
For the ring tower, cut a small piece of cardboard from from the upper part of the packaging from train. Glue a piece of craft wood to it and stick as many beads as you like on it.

Step 5: Complete the room with a rug and lamp
Create a rug by cutting out a rectangular piece of plush lambskin. Cut out a circle with pattern scissors, cut it open to the middle with normal scissors, twist it into a funnel and shape and glue it together. Once everything is dry, you can glue it onto the round wooden stick.
