Molded decorative bowl on foot with rabbit

Instructions No. 3265

Difficulty: Beginner

Working time: 2 Hours

Easter is just around the corner and with the right decorations, you can bring the Easter spirit right into your home. Imagine your **own decorative bowl with cute bunnies** adorning your living room and enchanting your guests. Our step-by-step guide shows you how you can easily create a stylish and **elegant Easter decoration in black-white**. Let your creativity run wild and create a unique decorative bowl that will not only be an eye-catcher at Easter, but all year round.

Creative Easter decoration: Handmade decorative bowl with wreath and bunny

Step 1: Preparing the casting powder

This is how much casting powder you need for the different molds:

Silicone mold "Stick candle holder Fun": approx. 3 heaped tablespoons

Silicone casting mold " "coaster Round", 18.5 cm: approx. 5 heaped tablespoons

Silicone full mold "Bunny", approx. 4 heaped tablespoons

"Bunny" solid silicone mold, approx. 3 heaped tablespoons

Start by mixing the casting powder with water in a suitable container to form a creamy mixture. Make sure that no powder settles at the bottom and that all lumps are completely dissolved. This is important to ensure a uniform consistency and achieve a perfect casting result.

Step 2: Fill and de-aerate the molds

Now pour the prepared mixture into the silicone casting mold of your choice. Gently shake or tap the mold on the table so that the mixture is evenly distributed and air bubbles can escape. This step is crucial to achieve an even structure.

Step 3: Demolding and drying

After about one hour you can carefully remove the cast shapes. Allow the castings to air dry for a few more hours so that they reach their optimum strength. If there are any rough edges, you can easily smooth them out with sandpaper .

Step 4: Assembling the decorative bowl

Use handicraft glue, to carefully glue the "Fun stick candle holder" to the center of the " "coaster round". The stability of this connection is important for the secure stand of your bowl.

Step 5: Decorative painting

Tape off the edge of the bowl so that you can apply perfect stripes with the black POSCA marker without staining the rest of the surface. Use the white POSCA marker to paint small hearts on the bunnies, which you will add later.

Step 6: Create the Easter wreath

Place the vine wreath on the decorative bowl and arrange the cast bunnies on it so that they form a harmonious picture. Finally, glue on the easter eggs to emphasize the Easter atmosphere.

Step 7: Optional protective varnish

If you want to use the decorative bowl as a fruit bowl, apply a food-safe varnish in advance to protect the surface and keep it hygienic.

Must Have

Keraflott Relief Casting Powder, White, 1 kg

Weight: 1 kg

7,79 € (1 kg = 7,79 €)
~~RRP 9,50 €~~
