Paper murals

Instructions No. 2569

Difficulty: Beginner

Working time: 4 Hours

Are you looking for a paper craft fun with high quality visual effect? Then these murals are just right, because they are made entirely of paper with stamp motifs and glitter.

High quality paper crafting is very simple!

First fold the paper picture frame and glue it together with craft glue.

First choose a suitable background from scrapbook paper and glue it into the frame.

Place the silicone stamps on the acrylic block and stamp the designs on white cardstock. Then cut out the designs finely with tweezers scissors. Put some craft glue on some parts of the motifs and then sprinkle them with glitter. After the glue has dried, simply tap off the excess glitter.

Arrange each motif on the picture frame and then glue them in and to the Little Paper Frame using craft glue or 3D glue pads.

Finally, attach poster hangers to the back of the paper frames.
