Pencil pouch made from cork fabric

Instructions No. 1231

Cork is a high-quality **natural material** that is currently one of the most sought-after **trend products** in both the handicraft and handicrafts sector. The soft **Cork fabric** or the fine cork leather are particularly suitable for small and large sewing jobs with eye-catching guarantee.

The fashionable **pencil pouch from Cork fabric** is an absolute **eye-catcher**! Whether for the home, office or handbag - the pens can be neatly packed and stored or taken with you.

Here we explain how you can easily sew the beautiful pencil pouch.

To sew the **Cork fabric-pencil pouch**, you need **Cork fabric** (0.5 mm) in the design of your choice (in our example we used the mosaic-Cork fabric). You also need Cotton fabric, ironing fleece, sewing thread, scissors, sewing machine, tape-Ribbon, iron and the motif template, which is available for download at **the bottom of** the page **.**

And it's that easy:

1. Download the **design template** and print it out. Now cut out the template shape

2. Transfer the template **twice to** the **Cotton fabric** and **twice** on the **Cork fabric**. Then cut out the motifs. Connect the Cotton fabric, the adhesive fleece and the Cork fabric with each other using the iron and according to the

manufacturer's instructions.

3. For the **closure**, lay **the** crochet tape **to the loop** and sew it together with the crochet tape **for the borders** on the upper edge of the blanks.

4. Now place the two **bag blanks** right sides together and **sew them together** at the right and left edge **.** Iron the seam apart and then turn the Cork fabric-bag to the right side.

5. Next, fold the **bottom about** 4 cm wide, unfold the flaps and fold triangles evenly at the sides. Then fold a small strip at the top and bottom again and stick them together with tapeRibbon.

6. Now mark a point in the middle of the upper part of the bag and sew a big wooden button **with** a smaller coloured **button on** the cork bag.

7. Then lay the left edge of the bag **flat** on the inside and **iron** to two **edges**. Do the same with the right edge.

8. Fill the finished **pencil pouch** and button it up as desired.
