Are you still looking for a beautiful **school cone** for your little one's big day? Then you've just found the perfect school cone! You can easily make this beautiful school cone yourself in the color of your choice with a glued-on **rainbow motif**.

This is how the school gift bag is made:

Print out the **template**, cut it out and transfer it to any Paper from the **craft block** using a pencil.

Then cut out the individual sheets of the **rainbow** and label them using the **stencil** label them. Glue the rainbow onto the **school cone cut-out** using handicraft glue . Here you can choose the school cone from the many color variations, so that the school cone can be adapted to your child's taste.

Punch out some small dots with the **hole punch** and stick them on with **handicraft glue** stick them on. (The picker is a great tool for picking up and placing the small dots). Punch out hearts with the **craft punch** Punch out hearts and stick them on.

Glue the **florist'scrêpepaper** to the inside of the blank. Leave to dry. Then crease the blank along the folded lines. Apply handicraft glue to the glue flaps and stick the school cone together. Allow to dry thoroughly.

Fill the school cone to your heart's content and close with one or more **satin ribbons**.
