

# Secret Santa Door Tomte celebrates New Year's Eve

**Instructions No. 2886**

Difficulty: Advanced 🍴🍴🍴🍴

Working time: 30 Minutes

With this craft idea, Tomte dives into the festive world of New Year's Eve. With a few miniatures, a little creativity and crafting joy, you can create a unique New Year's Eve picture in no time at all.

Paint the door, the fireplace and the kitchen shelf white to create a neutral background for the decoration.

Let your creativity run free and decorate the surfaces with chenille wire, stickers and miniatures as shown in the pictures. There are no limits to what you can do, so you can personalise everything.

Transfer the templates for the party hats, New Year's rockets and clocks onto the paper. Make sure you transfer the details carefully so that the decoration looks accurate and precise.

Carefully cut out the templates from the paper. Accurate cutting is important to achieve the desired shape and aesthetic.

## **Party hat:**

1. Roll the cut out paper into a cone and glue the edge together to make the hat shape.
2. Cut a piece of silver chenille wire and stick it into the small opening at the top of the hat.
3. Bend the wire once to secure it and your party hat is ready.

## **New Year's Eve rocket:**

1. Shorten the bamboo sticks to the desired length.
2. Stick the beginning of the paper strips onto the bamboo sticks and roll them up.
3. Tape the ends together to form a rocket.
4. Cut the small circle in half, roll it into a cone and glue it in place.
5. Stick the rocket onto the rolled up paper strips.

## The clock:

1. Cut out the circles and the hands.
2. Stick the hands and the number stickers on the circles.
3. Attach three of the clocks to the packaging and decorate them with a bow as you like.

## More detailed pictures:

Finally, you can arrange and decorate the self-made miniatures on the surfaces as shown in the pictures or according to your own taste. Create a unique and festive atmosphere.
