Difficulty: Beginner

Working time: 4 Hours

A homemade voodoo doll is the ideal decoration for your next Halloween party. It is easy to make and is a really scary eye-catcher.

Create your own Voodoo doll

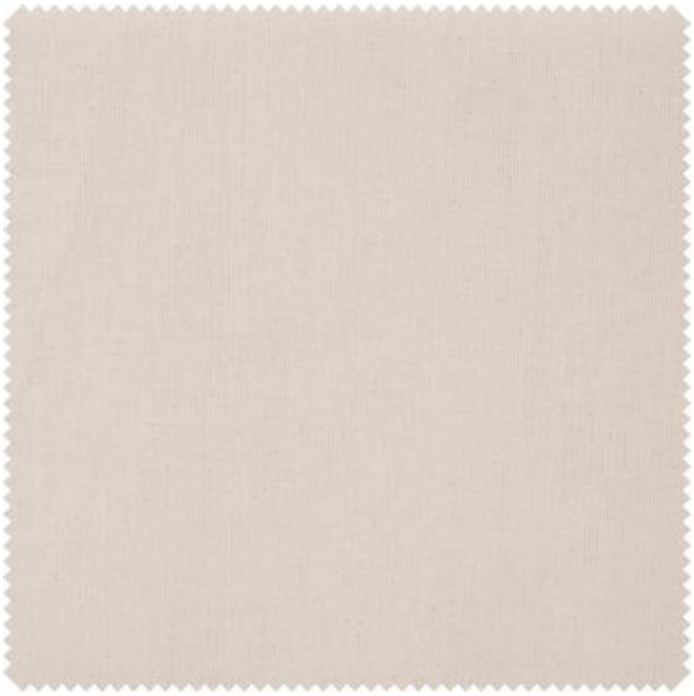

First transfer the **template** twice to the **Cotton fabric** and then cut them out. Glue a **nodding eye** on the fabric and fix a **button with hot glue** on the back of the fabric. This will highlight the eye

Sew by hand on the body distributed scars, the other eye as well as the mouth with black **on**. Cut a heart out of **red Felt**and sew that too with **Embroidery twist** on

Set creepy accents on the doll body with **black** and **redHandicraft paint**. Then sew both pieces of fabric together by hand and leave a small opening to fill. After the body is filled with cotton wool, this opening is also closed

For the hair, cut off some short pieces of the **black wool**, tie them together and sew them on as well. Finally, you can carefully **light** the VooDoo doll with a lighter and cut some nails **or Pins** into the body of the doll.
