Winter village made of screw glasses

Instructions No. 2065

Difficulty: Beginner

Working time: 3 Hours

This snow-covered winter village is the ideal decoration on a chest of drawers, windowsill or a small side table in the wintertime. Thanks to the lighting, the enchanting little houses radiate a pleasant and cosy atmosphere in the cold and dark season.

The houses were designed in different ways:

For two **glasses, cut two** rectangles measuring 19 x 7.5 cm out of star foil **and** stick **them** into the glasses. These glasses are **dabbedFrost effect** with paint. Painting sponges are ideally suited for this**.** After drying, paint with a **Marker** open the windows and doors. If necessary, please use our **free motif template**.

The other glasses are **dabbed** a thin layer of Chalky **Color**. Use a painting sponge for this purpose **as** well. Once the paint has dried, **carve** the doors, windows and other small details with a bamboo skewer. Again, you can use the **template** to help you.

Dab the lids of the jars with Chalky **Color** as well. Now use the other **templates** to design the roofs. The dark roofs were made of **Kraft paper** cut to size, glued together with **double-sided Adhesive tape**and then **Handicraft paint** and some **Decorative snow** designed

For the white roofs you need - and the circlesLace doily youPaper need to **cut to size** using the template made of white photo cardboard **for strengthening**. Glue the reinforcement in the middle of the lace doily and cut out a small triangular piece so you can shape it into your roof. Also fix it with **double Adhesive tapesided**

The roofs are glued **to the** covers with **hot glue**. Place **fairy lights** or **LED tea lights** in the glasses and screw the lids on. Arrange the illuminated winter village additionally with small miniature fir trees**,** if necessary with some diamond snow **and** set some accents with **Decorative snow**.
