Pattern info

- Every row starts with 1t-ch; this does not count as a stitch.
- The straight middle part of the stole is worked first. After that, both sides are gathered by working quick decreases, thus creating the typical "stole shape".
- Make sure all pearl-sc stay on the same side of the work. If necessary, mark the right side with a stitch marker.
- Do you want to make the stole wider? Add 10sts for size M/L or 20sts for size XL.
- The ties for the bow are crocheted separately onto the sides.
- For the pearl stitches: use a small hook to pull the yarn through the pearl, work the sc as you normally would after that.
